**LONG CHASE AFTER THIEF.**  
Will Dickson Landed in Jail After Long Chase and Fine Detective Work by Sheriff.

"Be sure your sins will find you out," has again been demonstrated beyond the question of a doubt, when Sheriff Conlee landed Will Dickson, colored, in jail last night charged with theft of a horse, a saddle and a lot of clothing.

One night last week the manager of one of the city tailor shops, took the clothing of some of his customers home with him to be cleaned and pressed. After being washed they were hung on the clothes line at night so as to be dry the following morning. When he got up the next morning, he found they had been stolen during the night. The sheriff was summoned and he followed the tracks from the yard into the alley and found where the thief discarded a pair of yellow overalls for the stolen pants. While still investigating, a negro came up and reported that his horse had been stolen the night before. Before the negro finished describing his horse, a gentleman appeared on the scene and reported that he had lost a saddle also on the night before. This completed the combination, and with this description, Mr. Conlee started on the chase.

He heard of his man first on the Pitts Ferry road and followed him across the river and down the bottom and back across the river to this side at the Koppe Iron bridge. From there he trailed him to Allenfarm and on to

**KATY REFUSES TO ACCEPT CATTLE FOR SHIPMENT TO OKLAHOMA.**

Special to the Eagle.  
Waxahachie, Texas, April 14.—All North Texas agents of the M. K. & T. railroad today received instructions to accept no cattle for shipment to Osage country, Oklahoma, except on the responsibility of the shipper. Navasota. Before reaching Navasota, however, he lost the blue serge coat he had stolen and the sheriff recovered it from the party who found it.

At Navasota, Mr. Conlee found where he sold the horse and saddle for \$20.00 and recovered both of them. The negro bought a new outfit of clothes and after getting a description of them, the chase was continued back to the rock quarry in the neighborhood of Millican. Fearing the negro would hear of him, Mr. Conlee posted the officers at the quarry and also at Millican and went back to Navasota. He had not been there long when the officer at Millican phoned that he had his man.

When arrested he still had the remainder of the stolen clothing and Mr. Conlee recovered the entire outfit. He brought his man up last night and he now languishes in jail, and makes no denial of being the party wanted.

## BRADY'S BIG FEE CUT DOWN

Insted of Hatf a Million the Prosecuting Attorneys Get Ninety Thousand in Waters-Pierce Case.

Special to the Eagle.  
Austin, Texas, April 14.—The state supreme court today reversed and remanded the case of the State vs. County Attorney Brady of Travis county, involving the large fees of the prosecution under the anti-trust act of 1899, the court holding that Brady can receive only the fees provided by the law of 1903.  
This important decision involves

the amount of money which is to be distributed among the attorneys for the prosecution of the state as a result of the ruling of the United States supreme court against the Waters Pierce Oil Co., requiring the company to pay the state nearly two million dollars. Today's decision reduces the amount of the lawyer's fees to ninety thousand; while they sought to collect half a million.

**AUSTIN COLLEGE VS. ACADEMY.**

In a Wild and Wooly Game Austin Defeated Allen's 10 to 9.

Austin College defeated Allen Academy in a perfect farce comedy yesterday afternoon by a score of 10 to 9. The collegians played very poor ball, it seeming to be an off day for everybody. Most of the runs of Allen were made on errors, but occasionally they pounded the college pitcher unmercifully. The college was saving their good pitchers for their heavy games and worked Gribble, Monday's pitcher again. Manager Templeton of the Austin College team essayed to umpire. Mr. Templeton may be long on looks and inches, but he certainly is not an umpire. He did his best and gave each team about the same. Hamilton, an outfielder of A. and M. pitched for the Academy and was pounded for a home run, three three-baggers, a two-bagger and nine singles. The Academy team played very steady ball and only made three errors, while the collegians made thirteen. Up to the middle of the game, honors were easy. In the sixth, the Academy took the lead and kept it to the eighth when the college tied the score and made it one better. In the ninth each team brought in a score. The game was too full of

errors and misplays to tabulate and the less said about it, the better for the Austin College team. They are a fast set but this was their off day and it was only their terrific hitting and putting in a crack pitcher in the ninth that saved them.
